CARD PRINTER SYSTEMS

FARGO® DTC4250e Photo ID System

Create secure ID cards with one flexible and versatile system.

The FARGO® DTC4250e Photo ID System is an easy way to design, print and encode secure ID cards. The simplicity and versatility of this pre-configured system makes it an excellent choice for small- to mid-sized corporations, educational institutions, health care facilities, government agencies and retail operations. The system includes a single-sided FARGO DTC4250e printer/encoder with a SmartScreen™ graphical display that provides easy-to-follow prompts, Asure ID® Express photo ID software with two-year protect plan coverage, a high-end USB digital web camera, supplies, and a three-year warranty.

- FARGO® DTC4250e printer/encoder.
- Asure ID® Express card design and production software with two-year protect plan coverage.
- High-end USB digital web camera.
- Full-color ribbon cartridge.
- 300 UltraCard® PVC cards.
- USB cable.

Easily adapts to evolving needs.

Right out of the box, the DTC4250e system produces durable IDs with enhanced full-color printing on both conventional and thin (9 mm) plastic cards, while delivering powerful versatility in one modular and scalable design.

Starting with this basic system, you can add options and accessories that configure your DTC4250e system for a wide range of applications according to your evolving security, encoding and printing needs. For sophisticated printing/encoding projects, the optional dual-sided printing module lets you print additional information such as a barcode or digital signature on the back of the card. Optional encoding modules for smart cards, proximity cards and magnetic stripe cards give the DTC4250e the ability to produce technology ID cards for a number of applications such as access control and payment.

Highly versatile, hassle-free card printing.

The FARGO DTC4250e prints on several different types of ID cards, including the thin, flexible cards used for health care and transit systems; smart cards with embedded electronics; and rewritable cards that help eliminate the waste of single-use visitor badges.

Working with the DTC4250e couldn't be easier. The easy-loading, all-in-one ribbon cartridge (EZ) saves time and eliminates the mess and expense of torn, wasted ribbons. Just remove the old cartridge, slide in the new one and you've changed both the printer ribbon and card cleaning roller in one simple step.

All in one package.

With the FARGO DTC4250e Photo ID System, you don't have to waste time or worry about selecting and assembling the right system components. HID Global's experts have already completed the matched-system work for you. Now you can produce great-looking cards that are versatile, durable and secure.

HID CARD PRINTER SYSTEMS

Make great-looking ID cards right from the box with the FARGO® DTC4250e Photo ID System.

1 **FARGO® DTC4250e Printer/Encoder.** Single-sided, edge-to-edge card printing. Full-color, continuous-tone printing at 300 dpi (11.8 dots/mm). Capable of rewritable card printing (monochrome only) on HID® rewritable card stock. Its intuitive SmartScreen™ graphical display provides easy-to-follow prompts to ensure you'll always know the status of the printer. The DTC4250e can be field-upgraded to dual-sided printing and smart card, proximity and magnetic stripe encoding.

2 **Asure ID® Express ID card design and production software.** Powerful yet easy-to-use photo ID card software with advanced card design and batch printing capabilities. The DTC4250e system also comes with FARGO Workbench™, a software toolkit for printer set-up, diagnostics and firmware upgrades (computer display not included).

3 **High-end USB digital web camera.** This camera makes capturing cardholder photos, quick and easy.

4 **Full-color ribbon.** Print 250 card images (YMCKO with integrated cleaning roller).

5 **300 UltraCard® PVC cards.** Design and produce ID cards right away.

6 **USB 2.0 cable.** Connect the DTC4250e printer/encoder to your computer.

The FARGO DTC4250e Photo ID System also includes:

- Three-year printer warranty.
- One-year free loaner printer (U.S. only).
- Two-year free Asure ID software technical support.
- FARGO Workbench diagnostic utility to facilitate printer maintenance. Its Color Assist™ tool matches spot colors, ensuring accurate prints of graphics, such as company logos.
